## Ultimatum Indicates War On Japan Near Final Phases

### Defeat Of Japan In Present Year Being Predicted

High Military And Political  
Sources At Washington  
Believe War In Final  
Phase

### ULTIMATUM IS GIVEN TO JAPAN

WASHINGTON, July 27.—(INS)—High military and political sources in Washington today predicted the unconditional surrender of Japan by Christmas at the latest.

The ultimatum issued by the United States, Great Britain and China at the Potsdam conference brought Japan to the brink of decision between peace with honor or defeat with disaster.

### Peace Terms Outlined

The first declaration of peace terms for Japan call for the unconditional surrender of her war machine. But the announcement was considered modest in view of the enemy's barbaric activities since the attack on Pearl Harbor.

All Washington believes Japan faces certain defeat. Opinions of military authorities and congressional leaders vary sharply as to the time it will take to defeat Japan.

Some authorities believe the Japanese will surrender to the Potsdam terms within 30 days. Others expect Tokyo will surrender by Christmas but not until the Japanese homeland has been invaded by American troops.

The ultimatum warned Japan to surrender at once or face "prompt and utter destruction" of the Japanese empire.

Russia did not participate in the ultimatum because she is not at war with Japan. There were three Washington views about Russia's future conduct toward Japan.

One was that Russia will come in the war with Japan if the Japanese do not surrender within the (Continued on Page Two)

### PA NEWC Observes

East Side bus riders are now getting their turn at detouring, as resurfacing work is in progress on East Washington street.

The new city swimming pool in the Neshannock creek at the foot of Mercer street, is certainly popular with the boys and girls. Hundreds are enjoying a swim in the pool daily, during the hot weather.

During 1944 there were 2000 deaths in grade crossing accidents—a 7 per cent increase over 1943, according to reports of the National Safety Council.

City dog catcher's auto is now in operation. Pa Newc notes, and patrols are being made about the city. Dog owners will have to exercise more than ordinary care in the future, to prevent their pets roaming the streets and being subject to capture by the dog-catcher.

From the increasing number of cigarette packages noted littering the downtown streets, it would appear that the cigarette shortage must be letting up a little. And by the way, why throw bags, paper, and other refuse on the downtown streets? Aid in keeping the city clean. Deposit rubbish and refuse in the containers on the streets for that purpose.

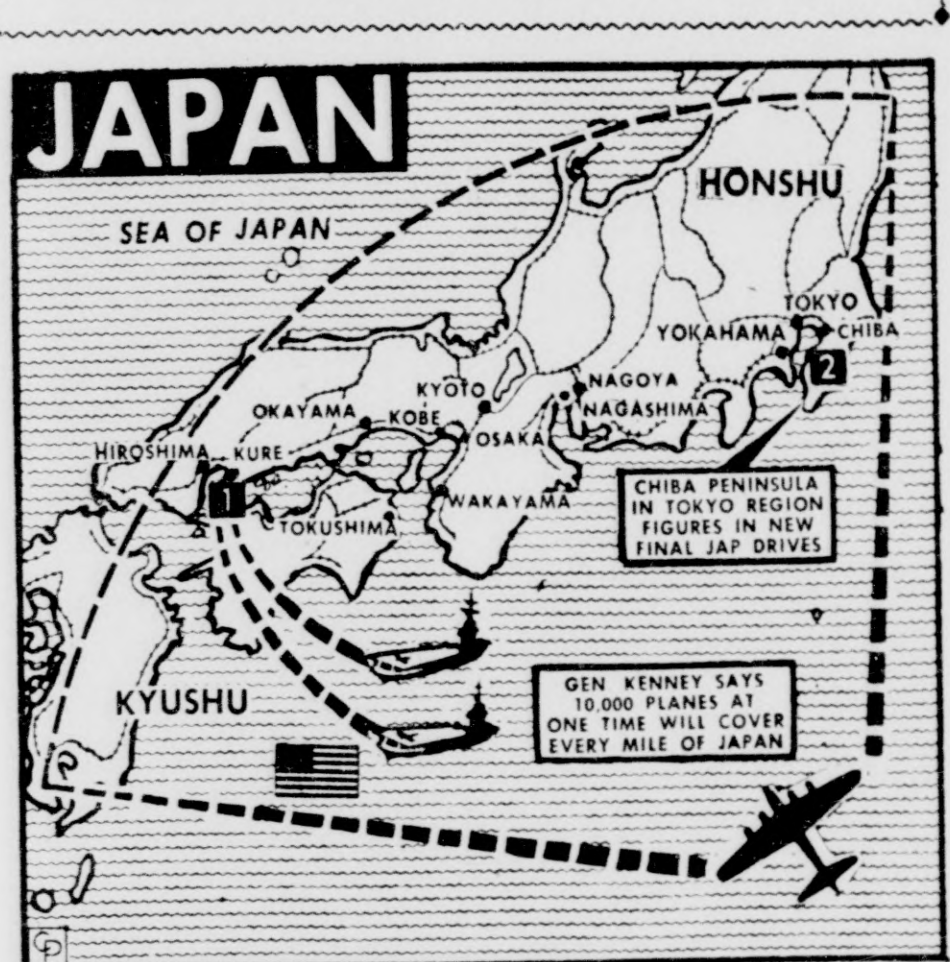

### Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:

Maximum temperature, 89.  
Minimum temperature, 63.  
No precipitation.  
River stage, 48 feet.

Statistics for the same date a year ago follow:  
Maximum temperature, 86.  
Minimum temperature, 68.  
Precipitation, .01 inches.

### 'Final Plunge' At Japs Under Way

Following announcement by Admiral Halsey that a "final plunge" into the heart of the Japanese Empire had begun, new assaults were opened on Kure (1), where two enemy battleships, two cruisers, a light cruiser and other remnants of the enemy fleet were knocked out. From Gen. Kenney, commander of Far Eastern Air Forces, came a statement that 10,000 planes "will be smashing every inch of Jap territory." Dispatches told of new attacks on the Chiba area (2).

### Reveal 456 Japanese Ships Destroyed Within 15 Days By U. S. Attacks

GUAM, July 27.—(INS)—Crippling sea losses inflicted upon Japan rose to a new high today with the disclosure that the ram paged U. S. Third Fleet destroyed 456 enemy ships within 15 days of record air-sea raids against Japan.

This was the most concentrated destruction yet leveled on Japan's war and merchant fleets and spelt the elimination of the Imperial navy as a factor in the Pacific battle.

### Toll Of 456 Ships

The toll of 456 Jap ships taken by Adm. William F. "Bull" Halsey's forces within 15 days was compiled by the public information office at Pacific fleet headquarters and based on official reports.

Included in this total—a record of shipping destruction for such a short period of time—were 42 Japanese warships damaged or possibly sunk.

Halsey's massive combined Anglo-American fleet forces went into a (Continued on Page Two)

### Charter Action Yet This Week Senate Hope

WASHINGTON, July 27.—(INS)—Senate leaders were confident today that they can reach a ratification vote on the United Nations charter this week—even if it means a Saturday night session.

The historic charter debate was "over the hump," they said, with the record now clear on its major point of controversy—that the implementing military agreement may come to Congress either as a joint resolution or a treaty.

"I see no reason why we can't finish Saturday, although it may mean a night session," said Sen. Tom Connally, D-Tex., chairman of the Senate Foreign Relations committee.

The 11th-hour drive to finish the debate was prompted by the desire of many senators to start for home over the weekend. The House already is in recess for the balance of the summer. Although the Senate will not formally recess until August 1, the charter is its last item of business and only the leaders will be on hand to close the books on that date.

### Report Kweilin Suburbs Reached

CHUNGKING, July 27.—(INS)—A Chinese high command communiqué stated today that Chinese forces have reached the western suburbs of Kweilin, Jap-held former American bomber base in Kwangsi Province.

The communiqué said fierce fighting was raging in the area reached by the Chinese after weeks of painfully slow advance.

Meantime, the communiqué added, other Chinese forces have recaptured Yangsu, south of Kweilin, and Yining to the north of Kweilin.

### Two Men Burn To Death In Chicago

CHICAGO, July 27.—(INS)—Two men were burned to death and three others were reported in dying condition as the result of a fire today on the fourth floor of the Thomas hotel, a four-story structure.

The men critically burned were taken to Hennrich hospital, where physicians said they had little chance to live.

The fire broke out at 7 a. m. flames were confined to the fourth floor.

### Report Japan To Ignore Demand For Surrender

Such Is Radio Statement By  
Japanese Agency—Jap-  
anese Cabinet Meets

Tokyo quarters reported today that Japan will ignore the Allied ultimatum demanding surrender.

The Japanese Domei agency declared that it had been "learned authoritatively" that Japan "will ignore the joint proclamation of Churchill, Truman and Chiang Kai-shek calling upon the Japanese to announce unconditional surrender."

### "To Bitter End"

Domei quoted what purportedly was an authoritative source as declaring "Japan will prosecute the war of greater East Asia to the bitter end in accordance with her fixed policy."

The Domei wireless dispatch was recorded by the FCC.

This was the first Jap report indicating official Japanese reaction to the tripartite unconditional surrender demand issued last yesterday by the United States, Britain and China.

### Cabinet Meets

The Jap cabinet, Domei revealed, met at 2 p. m. (1 a. m. EWT) today at Premier Kantaro Suzuki's residence to hear a report from Foreign Minister Shigenori Togo on the Allied surrender proclamation.

Domei said that the cabinet session lasted three hours. Togo also reported "on other matters related to the proclamation."

Although Domei failed to disclose what "authoritative" source reported, the surrender ultimatum had been rejected, presumably it may have come from some cabinet member.

Earlier, a Domei propagandist asserted that the absence of Soviet Premier Joseph Stalin's name from the surrender proclamation "would seem to indicate that (President) Truman has failed in attempting to obtain what he obviously intended to."

### Petain Is Openly Branded Traitor

Accusation Comes From  
Leon Blum, Witness At  
Day's Trial In Paris

FIRST DIRECT  
ACCUSATION MADE

PARIS, July 27.—(INS)—Marshal Philippe Petain was openly branded a traitor today by a member of his cabinet at the time of France's collapse.

The accusation came from Leon Blum, former French premier and a witness at the fifth session of the aging Petain's treason trial.

Blum told the jury the French government went to go to North Africa to continue the war against Germany in 1940, but was prevented from doing so in a specific order issued by Petain.

"This terrible thing Petain did was carried out in the name of military honor," Blum cried, adding: "Yes, it is treason!"

"There was a strong majority for resistance in the government at that time," the former premier continued.

### Answer To Reynaud

Blum's testimony was taken as an answer to former Premier Paul Reynaud, who asserted yesterday that a majority of the government favored an armistice with Germany.

### Fires Visible For 100 Miles Rage In Japan

Three More Jap War Pro-  
duction Centers Hit By  
B-29 Incendiary Raids

### THREE MORE CITIES TARGETS FIRST TIME

(BULLETIN)  
GUAM, July 27.—(INS)—Fires visible for 100 miles raged in three more Jap war production centers today in the wake of a 2,000-ton incendiary raid by more than 350 Superforts on three scattered enemy homeland targets.

Returning pilots reported that fires in the targeted cities of Omuta, Matsuyama and Tokuyama belched the prodigious skies over the enemy homeland when they made their bombing runs early today.

Great clouds of smoke rising to heights of 18,000 feet over the target areas were reported.

### One B-29 Missing

All but one of the B-29s from the three-pronged mission returned safely.

A heavy overcast in the target areas forced the B-29s to use precision instruments in their bombing runs, but pilots and crewmen said this did not detract from the effectiveness of the raid.

Anti-aircraft fire was described at worst as "moderate." Crewmen of the 314th wing reported an encounter with Jap fighters over Omuta on Kyushu but this was the only early report of enemy air resistance.

Matsuyama on Shikoku and Tokuyama on Honshu were hit for the first time with incendiaries in today's mission.

The fire raid followed a week of (Continued on Page Two)

### Third Heavy Bombing Raid On Shanghai

OKINAWA, July 27.—(INS)—The third heavy bombing raid on Shanghai within a week and destruction of seven of Japan's hoarded fighter planes over Kyushu was reported today by Gen. Douglas MacArthur.

The seven Jap interceptors together with an eighth plane reported probably destroyed were victims of Far East Air Force units in the Americans' first air combat with the Japs over the enemy homeland.

One B-24 Liberator was lost in the action over the Tsuki airfield on Kyushu when a force of 30 Jap fighters rose to meet the Americans. This was one of the few instances of Jap air resistance in force reported in the last few weeks over the enemy homeland.

MacArthur reported that the whole area of the Tsuki air center was left in flames after the American bombers struck fuel storage facilities.

The Shanghai raid was carried out Tuesday by 300 Okinawa-based bombers of MacArthur's command. The bombers dropped more than 40 tons on five major Jap airfields, barracks and parked planes and also hit coastal shipping. Raging fires were started in warehouses and gasoline storage areas in the Shanghai area.

### Quisling's Trial Begins August 20

LONDON, July 27.—(INS)—The Oslo radio reported today that the trial of Major Vidkun Quisling, Nazi puppet premier of Norway during the German occupation, would begin August 20.

Dr. Werner Best, former German minister to Denmark, will be sent to Copenhagen for trial by the Danes, it was said.

### DIRTY TRICK

CHICAGO, July 27.—(INS)—They played a dirty trick today on a little squirrel monkey at the Lincoln Park Zoo when they hung on his cage a new name—"Hitler's Reincarnation."

But, explained Zoo Director R. Marlin Perkins, the monkey's eyes have that "dazed, insane look" and the facial expression is completed by a thick, black moustache.

### Churchill's Defeat Is Not Expected To Alter Big Three Conference

By ROBERT G. NIXON  
(U. S. Staff Correspondent)

WITH PRESIDENT TRUMAN'S PARTY, Potsdam, July 27.—The first shock of surprise over the upset of the Churchill government in England was followed today by a conviction that the turn of events would not have any material effect on the Big Three conference.

The belief was prevalent that all principal subjects of discussion already had been gone over by the original conferees.

### Will Clear Up Details

One opinion was expressed that whether or not Winston Churchill accompanies Prime Minister Clement Attlee back to Potsdam the remaining talks will amount to little more than ceremonies of signature and the clearing up of last details.

President Harry S. Truman had no immediate comment to make on the defeat of the Churchill supporters at the polls. Neither was there any statement from Soviet Premier Joseph Stalin.

Unconcealed surprise and some consternation marked the reaction of Britons in the Berlin area when the Laborite landslide swept Churchill and his cabinet out of office.

### Returns To Potsdam

The president returned to Potsdam last evening from Frankfurt on (Continued on Page Two)

### Comrade Brings Word S. Sergt. James R. Smith Died In Philippines

Word has been received by Mr. and Mrs. C. W. Smith of 715 Monroe street of the death of their son Staff Sergeant James R. Smith, on a mountain side on the island of Luzon, February 2, 1943. The word is not the official notice from the government but is considered authoritative as it comes from a fellow soldier of Sergeant Smith's, who tells a story of courage and initiative and finally death as six American soldiers were making their escape from a Jap prison camp in the Philippines.

Sergeant Smith, "Jimmy" to his friends here, was inducted March 1, 1941, and sent to Fort Belvoir. At the time of his induction he met with a lad from Sharon who was with him through his entire war experiences, and helped to bury him on the Luzon mountain side. The lad told his story to Mr. and Mrs. Smith in a military hospital a few days ago.

Aviation Engineers  
"Jimmy" was assigned to the aviation engineers and in July 4, 1941 came home on a furlough. Later he was sent to a camp in Massachusetts and in October 1941 was sent to the Philippines, assigned to a camp in Northern Luzon. With him was the pal now in a military hospital. Sergeant Smith was assigned to the headquarters as regimental clerk.

Their experiences on Bataan were more or less passed over by the pal of Sergeant Smith's his only comment being "it was rugged." On April 8, 1942 Bataan fell, and along (Continued on Page Two)

General Committee Makes  
Plans For Annual Ob-  
servance Of Commu-  
nity Event

EXPECT MANY  
WILL ATTEND

Although stringent travel regulations will probably result in fewer people from a distance being present at the annual Old Timers Day picnic here this year, those from the local community will no doubt turn out in large numbers for the celebration, which will take place on Wednesday, August 15.

President Richard F. Dana of the Old Timers Day Association called a meeting of the general committee in The Castleton on Thursday evening when the general plans were gone over, and it was decided to have the observance as in past years.

The program will follow the same general plan, with the participants gathering in the pavilion between (Continued on Page Two)

### JAP AMBASSADOR SUICIDE?

PARIS, July 27.—(INS)—The French press agency today carried a report from Ankara today which said the Japanese ambassador to Turkey had committed suicide after shooting his wife.

The report, unconfirmed from any other source, said the shooting and suicide took place yesterday on the embassy premises.

### Britain's New Prime Minister Frames Cabinet

Attlee Works On Selection  
Of Members For New  
Government Of  
Britain

PREPARING FOR  
POTSDAM RETURN

LONDON, July 27.—(INS)—Britain's new prime minister, Clement Attlee, virtually has completed the formation of his new cabinet and will submit the tentative list of members to King George VI either tonight or early tomorrow morning.

### By CHARLES A. SMITH

LONDON, July 27.—Britain's new prime minister, Clement Attlee, started to work early today on the formation of a new cabinet.

Attlee, elevated to the premiership over Winston Spencer Churchill when Labor won a landslide victory in the general parliamentary election, arrived in an official car at the treasury buildings before 10 a. m.

### Forming Cabinet

Anxious to return to Potsdam to take over the leadership for the British in the Big Three conferences, Attlee worked speedily to appoint new government ministers.

Whether he could get his new government in motion and still have time to return today to Potsdam was problematical.

### 'Aussies' Make Further Advance In Borneo Drive

MANILA, July 27.—(INS)—Australian forces on Eastern Borneo continued to drive toward the Jap-held Samarai oil fields today along the main highway leading northward from Balikpapan.

Gen. Douglas MacArthur announced that the Aussie units were in contact with small groups of Japs six miles north of captured Mount Batecampar but enemy resistance apparently not heavy.

### Navy Fliers Sink Eleven Jap Ships

MANILA, July 27.—(INS)—Navy Privateers had a big day in the air yesterday, sinking 11 Jap vessels, probably sinking two others, and shooting down two enemy planes.

Sunk were nine freighters, a trawler and a barge totaling 4,730 tons.

High scores for the day were Lts. Bob McManahan of Milwaukee, Wis., and George McDonald, Santa Barbara, Calif., who sank six Jap ships within an hour off the west coast of Honshu.

Seven "Toros" jumped the Privateers today with strong coordinated attacks, but sharpshooting Yank gunners knocked down two and the rest high-tailed for home.

### SELECT GERMAN LEADER?

NEW YORK, July 27.—(INS)—A NBC broadcast from Berlin said the future head of the German government has been selected by the Allies and that his name and appointment will be announced "probably next week." The broadcast said the man who has been chosen is an anti-Nazi living outside the Reich.

Like a bunch of frogs in a sheltered pool, they splash with abandon and glee, and as I watch them these sultry days I rather wish it were me. For there isn't a sport that is much better fun than swimming, not bathing, I mean, in a pool that is shaded by elms and shrubs, and benched by an emerald green. When you fore off your clothes to be first in the pool, those were days that were happy and fine. So I envy the kids as I watch them just now, the weather is hot, eighty-nine.

### Three Branches Of Army Celebrating Anniversary Week

Medical, Chaplains And Judge Advocate Branches, All Reach Anniversaries

PHILADELPHIA, July 27.—(INS)—Three branches of the army will celebrate their 170th anniversaries this week—the Medical Department tomorrow and the Corps of Chaplains and the Judge Advocate General's department on Sunday.

The Army Medical Department was instituted in 1775 with the founding by the Continental Congress of a "hospital" which was the medical organization of the Colonial nation's army of 20,000 men.

The medical department has since expanded to a personnel strength of over 600,000, and is responsible for hundreds of new developments in medicine, surgery and related sciences.

The Corps of Chaplains had its inception during the Revolutionary War, when General George Washington issued the first call for American ministers of the gospel. At that time Chaplains were clergymen who contracted for six months or a year's service, and were without actual commission.

In the present war, battle casualties among the Corps of Chaplains have exceeded on a comparative basis all but two branches of the service, the air forces and the infantry.

The Judge Advocate General's Department also dates its history from revolutionary days, when a "Judge Advocate of the Army" was appointed in 1775 by the Continental Congress.

The Judge Advocates is the chief legal advisor of the office of the secretary of war and of the entire military establishment.

### IN THE OPEN

(Continued From Page Four)

rye and vetch still stands uncut. This makes an ideal dance platform for the "lightning bugs" and there they performed in countless numbers.

We arrived just at dusk and sat in the car by the roadside till full darkness. There was hardly a whisper of breeze. What music there was for the dancing was furnished by a few crickets, but the katydid chorus which usually accompanies these shows was strangely absent. Perhaps this added attraction will appear in August.

There comes to mind a quiet evening some years ago while in late conference with some smallmouth bass in central Pennsylvania. We stood hip-deep in a spatterdock pool and cast helgramites into the lily pads along the shore. It grew dark and we were fishing largely by feel when I suddenly noticed a luminous edging all along the stream bank.

My curiosity finally got the upper hand and I waded across to discover the water's edge was lined for several yards with glow-worms. It was rather spooky to stand there in the darkness with that unblinking phosphorescence glowing across the pool. However the bass did not seem to mind it, and who cares about spooks when a heavy smallmouth is ramming at the other end of a six pound test leader?

There is a tall bloom now ascending the wooded sections of this neighborhood. It is the Culver's root, with a tall spike of white blossoms that look like white candles held aloft over the undergrowth. We saw another tall yellow flower on a recent trip through Mercer county. It was the meadowweet, which has an ordinary sunflower type of bloom, but which has quite distinctive and quite large basal leaves. This latter is an immigrant from Europe, brought here many years ago to provide the herbal cure for certain ailments of the horse. It has escaped from this earlier cultivation and is now found in local colonies in a wild state.

Australian Navy To Continue Full Warfare On Japs

Reorganization Plan Will Cut Occupational Army In Half, Navy To Fight On

SAN FRANCISCO, July 27. — (INS) — Prime Minister Joseph B. Chifley declared that "because of Australia's interests as a Pacific nation, it is vital that her forces take part in the offensive against Japan."

Melbourne radio, quoting a statement of Chifley, reported that Australia's full naval strength would be maintained for the main offensive on Japan although a reorganization plan will cut Australia's army operational forces in half by the end of December. A corresponding reduction in the RAAF is planned by the end of the year.

The broadcast, recorded by the American broadcasting system, said: "The aim of these reductions is to maintain a relatively of the aspect of a balanced war effort, with a balanced post-war policy."

It was proposed therefore that Australia's contribution to the main offensive should be the Royal Australian naval squadron under its own commander, and an expeditionary force component of the land and air forces.

Since leaving New Castle, he has operated a store in Salem. He and Mrs. McCulloch, while here, are guests of Mrs. McCulloch's sister, Miss Jean Marshall, 329 North Jefferson street.

U. S. PLANS TO TAX INCOME OF ALIENS

WASHINGTON, July 27. — The treasury expects to collect income taxes from thousands of aliens in this country on visitor visas and whose time limit has been extended because of the war.

Treasury General Council Joseph J. O'Connell said today that if current efforts to make the collection fail, the treasury intends to recommend that necessary legislation be passed in October.

Warren, O., Bus Strike Ended

Forty-Eight Employees Of Transportation Company End Walkout Today

WARREN, O. July 27.—(INS)—Forty-eight employees of the Warren Transportation Company ended today their six-day walkout by restoring bus transportation to the 60,000 foot-every residents of this industrial city.

For the first time in nearly two weeks, the utility situation was back to normal as the buses rolled along the streets and the telephone service continued uninterrupted.

Operators returned to their switchboards at the independent Warren Telephone Company Wednesday night after being on strike since July 16.

After a second ballot late last night, the 42 bus drivers and six maintenance men voted to go back to their jobs. The members of the AFL-Americanized Association of Street Electric Railway and Motor Coach Employees Union, finally agreed to obey a regional war labor board back-to-work directive.

The union's demand for a closed shop contract and an adjustment of overtime pay now will go to the national WLB for settlement.

every kind of terrain, bridges through rocks and brush, climbs impossible hills, swims, or wades creeks and rivers, all the time lugging heavy equipment and discharging it out or taking it. He is the position holder and the mopper up. Much of the time unshaven and hungry and half dead for sleep, he advances and fights, advances and stands, till the job is done. Then he starts all over again.

It is to be regretted that no American poet ever has given the Yank foot soldier the recognition and personality of Kipling's "Tommy Atkins". So far, the Infantry has not even been honored with a really worth while, ear-filling, singable song, such as the catchy song of the Navy, the Marines, the Air Corps and the field artillery. In the last war the doughboys adopted as their own and immor-

talized Hinky Dinky Parlevous and Where Do We Go From Here. The foot soldier has finished his job in Europe, but he still has work ahead. Our military leaders all say that he will have to finish the Pacific fight.

Here's to the Infantry!

"The Infantry, the Infantry! In case of holding ground, They've got to be around. No matter how you figure a war, It's bullets and bayonets write the score."

When we work our way to Tokyo Who's going to put on the final show? The Infantry, the Infantry! So what the heck are you going to do Without the Infantry?"

### INFLUENZA

Flu seems to be with us all the time. Sometimes it seems to gang up on us and we have an epidemic. We do not have a sure preventive for it.

Dr. Thomas Francis, Jr., has been working on influenza for a long time. He has been conducting an investigation of a vaccine which may be helpful.

It has been announced that plans are being laid to use vaccine in the army if an influenza epidemic should threaten.

During war times these investigations and trials can be carried out to good advantage. Usually some valuable information results.

That is about all the benefit war brings.

### FORT FOR RENT

FORT MOTT, N. J., July 27.—(INS)—Want to rent a fort?

The Army's Fort Mott, on the Delaware river near Salem, N. J., has been declared surplus property and is offered to the public on a five-year lease by the real estate division of the Army Engineers.

For leasing purposes, the property—comprising about 143 acres—has been divided into seven tracts. Prospective lessee may bid on one or more tracts.

And—the announcement contained no restrictions on dogs or children.

## Jap Civilians Warned To Leave Eleven Cities

**BULLETIN**  
GUAM, July 26—(Saturday)—INS—Major Gen. Curtis E. Lemay, in a dramatic unprecedented move in modern aerial warfare, warned civilians of eleven Japanese cities this morning to evacuate their homes or perish in flames within the next few days.

At least four of these target towns will be razed within the next few days by an armada of Superforts, he promised.

A flight of six Saipan-based Superforts of the 73rd Bombardment Wing at this moment were returning to their bases after showing ultimatum leaflets over eight Honshu towns and one each in the other home islands of Kyushu, Shikoku and Hokkaido.

Lemay said that four of these target towns will be razed within a few days, but he asserted that every one of them will eventually be wiped out in a nocturnal inferno handed out by B-29.

It was the first time in history that the airforce had disclosed the identity of its objective before carrying out an attack.

The cities which were bombed near midnight with the leaflets were: Ichinomiya, Tsuru, Utsunomiya, Nagaoka, Nishinomiya, Aomori, Oga, and Koriyama on the main island of Honshu; Kurume on Kyushu; Utsunomiya on Shikoku and Hokkaido on Hokkaido.

## RELAX CURFEW FOR GERMANS

British Decide To Give Germans  
More Freedom Because Of  
Good Behavior

**BRITISH 21ST ARMY GROUP**  
Hq., Germany, July 27.—(INS)—The German people have been behaving so well that British occupation authorities decided today to give them more freedom.

Beginning Sunday, the curfew, which now extends from 10 at night to 5 in the morning, will run from 10:30 to 4:30 a. m. The relaxed curfew will not be altered by the shortening winter days unless there is an outbreak of warlike activity, which is not considered likely.

British officials also have decided to issue German policemen firearms in addition to rubber truncheons. However, this is not expected to be done until all displaced persons have been repatriated. Only a limited amount of ammunition will be issued with the weapons.

It was felt the authority of the German police would have more weight with the people if the police were armed.

## Rumors Of Possible "Whitewash" Attempt In Prison Scandal

LANSING, Mich., July 27.—(INS)—Rumors of a possible "whitewash" attempt by the corrections commission circulated in official quarters today as the final report on Jackson prison maladministration was released.

Attorney General John R. Dethmers made 17 recommendations to correct conditions which he charged turned the world's largest prison into a "playhouse."

His fourth and final report suggested ways of eliminating gambling, bribery, drinking, illicit money schemes, prostitution, sex and dope indulgences and freedom of privileged moneyed prisoners. That these activities existed he charged in his three previous reports.

Persons close to the investigation expressed concern, however, that the corrections commission may

And Two Sailors Beneath Wall  
Prior To Collapse

PHILADELPHIA, July 27.—(INS)—The front wall of the 82-year-old Central North Broad street Presbyterian church collapsed today into a 15-foot high pile of rubble.

A woman, who had returned to her nearby home 30 minutes before the tons of stone crumpled to the

street, reported that she had seen two girls and two sailors standing in front of the structure.

She told police she heard screams above the din of the falling rocks, which bounced across the wide Broad street and kicked up such a cloud of dust that passers-by did not know for several minutes what had happened.

A fire department official, however, said no attempt would be made to dig into the debris until the division of building inspectors declared the remains of the building safe.

Police said the church, which had recently been renovated, probably had been weakened by seepage from heavy rains.

Mahomet, Dante, Julius Caesar, Napoleon, Byron and Beethoven had irritated brains and epileptic spells.

Watermelons are native to tropical and South Africa.

**Howard Johnson  
Of Ellwood City  
Taken By Death**

Howard Johnson of Spring avenue, Ellwood City, died this afternoon at 12:10 o'clock at his home.

He was the result of an illness of six months' duration. Mr. Johnson was the owner of the Johnson Insurance Agency, Ellwood City.

Funeral arrangements will be announced later.

## Says Americans Must Change Jap Point Of View

MANILA, July 27.—(INS)—A captured Japanese officer said today that the Japanese civilians would fight endlessly unless Americans could convince them surrender would not mean death or degradation.

The Jap officer who was a civilian himself in Japan only a year ago declared that he could not visualize the Jap high command surrendering.

He said official surrender would constitute betrayal of the Japanese people who had been sold on the idea of a "holy" war and might lead to revolt.

The Jap prisoner with whom this correspondent talked for an hour was a second lieutenant in the veterinary corps. He surrendered to Doughboys of the 38th Division in the Sierra Madre mountains a week ago.

The Jap said he did not want to go to war—he was happy breeding horses on his farm near Kobe.

This apparently intelligent Jap, hungry and diseased, sulked in the rain-swept mountains living for weeks like an animal before he decided to give himself up.

He said his patriotism did not lead him back. He feared he would be killed or tortured if captured. If allowed to live he felt he would have lost face and could never return to Japan.

Today after only a few days of humane treatment he has become convinced that he must return to Japan to help rebuild the nation.

"The people of Japan," the Jap officer said, "have been taught very thoroughly to hate America. They expect no mercy. They'll fight with pitchforks and with their hands unless they are convinced they will be treated humanely and be allowed to build a new Japan. I fear there will be much unnecessary bloodshed among civilians."

CHARLOTTE—A shut-in for 18 years, Mrs. Frances Hildebrandt recently left her home for the first time and it was a happy day. A native of Belgium, she was taken by ambulance to Washington, Pa., to receive her American citizenship papers.

Sgt. Cecil Smock of Mitchell field, N. Y., is visiting his mother, Mrs. Hattie Smock, of 25 West North street, on a 15-day furlough. Also visiting at the Smock home are Mrs. Archie Van Dyke, Sgt. Smock's sister, and Miss Alice Millsap of Me-Lane, Pa.

Pvt. Thomas Craven has returned to Camp Rucker, Ala., after spending a 12-day furlough with his parents, Mr. and Mrs. Harry Craven of Chewton.

T-5 Joseph Pat Mike, son of Mr. and Mrs. Joseph Mike, of 353 East Long avenue, is now at "Top" staging area, Antwerp, Belgium, where he is awaiting shipment to the states under the army's redeployment program. He has been overseas for five years, being attached to the 171st port T. C. company, and having been awarded the battle star medal.

F. O. Robert F. McClurg of 311 Fourth street is one of the number of Pennsylvania officers who arrived Wednesday for redeployment at Indiantown Gap.

Unrelated as they are, familiarity with the Roman ruins in historic Trier and participation in a typical gala Russian 1945 day are two events which men of the 763rd field artillery battalion have enjoyed since Germany's surrender. Pfc. Frank J. Dudek, R. D. 2, Smithfield street, is a member of this group of the 15th army.

According to information received here from the Presque Isle army air field, Mr. First Sgt. Morton H. Suber, veteran of 24 months' service in the ETO, arrived there July 23 aboard an air transport command. Sgt. Suber, son of Mr. and Mrs. Elmer Suber, 409 Bell avenue, has been awarded the bronze star, good conduct medal and five battle stars.

Lt. Mary Ellen Koonce, Army Nurse Corps, who was in the ETO for over 2 1/2 years, and Sgt. James Koonce of three years are now in New Castle visiting their grandparents, Mr. and Mrs. John A. Gross of Neshannock avenue, and their aunt and uncle, Mr. and Mrs. Percy White of Garfield avenue.

Sgt. Arlie O. Shifflet, 309 Crawford avenue, is listed as having been honorably discharged from the United States army July 24 at Fort Dix, N. J.

Pvt. John Meehan, son of Mr. and Mrs. John A. Meehan, 104 Phillips place, was enrolled July 21 in the AAF training command, airplane mechanics training course at Keeler field, Biloxi, Miss.

Pfc. Donald L. Goske, son of Mr. and Mrs. W. E. Goske of Tent Hall road, arrived home for a 30-day furlough after serving 18 months overseas. Wounded in combat in Germany, he has been awarded the Purple Heart medal.

### CHEWTON

#### SUNDAY SERVICES

#### W. C. T. U. MEETING

The monthly meeting of the Chewton W. C. T. U. was held in the form of a spaghetti supper at the home of Mrs. Jay Guy on Friday evening. The dinner was served by the hostess, assisted by Mrs. Lewis Guy. The business meeting was conducted by the president, Mrs. Glenn Hennon, and the devotionals were led by Mrs. Jay Guy. Mrs. Bessie Houk of Ellwood City, county treasurer, gave an interesting talk on the work of the local and state unions and told just how all the money is used. Plans were made to serve amethyst beverages to some of the local young people in the near future.

The next meeting will be held in the Christian church basement at which time a white elephant party will be held. Mrs. Elmer Badger will be the devotion leader.

#### BIRTHDAY PICNIC

Mrs. John Robertson, Mrs. William Reese, Miss Nora Ritchie, John Ritchie, Mr. and Mrs. Glenn Hennon and daughters and Mrs. J. C. Yoho enjoyed a picnic at Ewing Park on Wednesday evening in honor of Nora Joan Hennon's 11th birthday.

#### GOLD STAR ADDED

Another gold star is to be added to the local honor roll for William Penn Campbell, who is reported to have lost his life over Germany. He was a member of the air corps and his was the first name on the Chewton honor roll. This will make six gold stars on the local honor roll.

#### CHEWTON NOTES

Mr. and Mrs. Elmer Badger and family and Miss Ada Tillis visited at the home of John Kyle at Mt. Jackson on Tuesday evening.

Mrs. Clara Vance of Unity visited at the homes of P. J. Tillia and daughter Ada and Mr. and Mrs. Elmer Badger on Wednesday.

Mr. and Mrs. Adrian Durbin and children of Shenango township visited at the home of the former's mother, Mrs. Charlotte Durbin, on Monday evening.

Lloyd "Bud" Campbell of the U. S. navy spent the week-end with his parents, Mr. and Mrs. Lloyd Campbell and family of Chewton, and his wife, Mrs. Betty Campbell of Ellwood City.

TYRONE—Lt. Wallace Bunker is looking forward to what will be his greatest thrill. The air force navigator, who was at one time orderly to Lt. General Jonathan Wainwright, says the thrill will take place when his former chief is liberated from a Japanese prison camp and returns to America.

STELTON—Soldiers stationed in Iran had their own servants. Cpl. Demo Atanasoff explained that he had an attendant who kept his hut clean, polished his shoes and washed clothes for 15 rials a day, about 60 cents in American money.

## Raise \$3,500 For Colored Y.M.C.A.

First Report Shows Large Sum Has Been Raised For New Center Here

When the first report was submitted to the general committee in charge of providing the new Y.M.C.A. branch for colored men and boys here, Dr. J. A. Gillespie, who has headed a team of colored men which has been working on the project for several months, reported that the sum of \$3,500 had been secured by their committee, all in cash.

This leaves but \$8,500 more to be secured for the purchase and remodeling of the new center, negotiations for the purchase of which have been entered into. It will be located on Shenando street, and comprises a fine residence and large plot of ground.

The report was most gratifying to Chairman J. C. Pittman and the committee.

Interest in this proposition has been shown by the people of New Castle and it is expected that the campaign for \$12,000 will be quickly subscribed.

KEPT CHICKENS IN HOME.

McKEESPORT, Pa., July 27.—(INS)—Nick Koronis, 55, today was separated from \$25, the amount of bond he put up against his appearance in police court to explain why he kept 200 young chickens in his two-room apartment. Koronis did not appear.

## Y. Campers Have Free Afternoon

Enjoy Favorite Sport Wednesday Afternoon, Followed By Appearance Of Magician

Wednesday proved an exciting day for the boys at Camp Fred L. Reutz, maintained by the Y. M. C. A. along Slippery Rock Creek.

Following the regular morning routine, a "free afternoon" was called, when the campers were given an opportunity of enjoying their favored sport. Boat racing resulted in Tom McGary being crowned the camp champion, baseball, hiking, fishing, and swimming were on the program for the campers to decide from.

For the late evening, the campers were pleasantly entertained when Mr. Hoffmaster, the magician, presented an enjoyable and mystifying show, which not only thrilled but stumped the campers. He was brought to the camp through the courtesy of Ed Myers.

## Builders Plan For Wiener Roast

At the meeting of the New Castle Chapter, Order of the Builders, held in The Cathedral, Wednesday evening, the date of August 7, was chosen for their wiener roast, which will be held at Ramblers Rest.

Tribute was paid during the evening to the memory of their late member, Richard C. Rhodes, whose death last week came as a great shock to the boys.

In 1943 about 400,000 fires occurred in home in the United States.

## High Grads Can Enroll For Navy Pre-Flight School

Youths 17 Years Of Age Have Opportunity For College Education, Godfrey Announces

Recent high school graduates, 17 years of age, who wish to enter college on November 1 for pre-flight training in Naval Aviation will be given the opportunity on Wednesday, August 1, to discuss the Navy V-5 program at the Navy Recruiting Station, Post Office Building, New Castle, between 3 and 5 p.m. Chief Specialist N. L. Godfrey announces.

The program will be explained and applicants interviewed by Lieutenant Gilbert B. Moyer, USNR, of the Office of Naval Officer Procurement, Pittsburgh, who is in charge of the Naval Aviation Preparatory Program for this area.

He will screen applicants preparatory to their taking qualifying mental and physical tests next week. Those young men who are appointed will enter college on November 1 for pre-flight college education; progress to aviation cadet flight training for approximately a year and a half; then receive a commission as Ensign in the U. S. Navy.

## Camp Show Unit Entertains Vets

"Variety Vanities" which is listed as Hospital Unit 8-A, in Camp Show Unit, played the Denson Annex Thursday afternoon and like most of the units on the road proved to be well balanced and full of entertainment.

William Wilson, an old time trouper who played New Castle nearly thirty years ago was the unit manager and Charlene Russell was the mistress of ceremonies.

On the bill were "The Three Hearts", a dance team, Juliette Mirone, a concert pianist, Jack Joyce and Claire, featuring one-legged dancing, Bobby and Della Del Rio, accordion players and Al Binney a comedian.

The show was presented in the camp theatre.

## T-4 DiAlessandro Bronze Star Medal

T-4 Nick DiAlessandro of the Third Army's 702nd Tank Battalion has received the Bronze Star Medal for his outstanding and courageous service during the fighting in France and Luxembourg from Aug. 6, 1944 and January 2, 1945, according to a official letter sent to his family.

A brother, John DiAlessandro, S-2-C, is now attending radar school at Ft. Loma, San Diego, California, while Sgt. DiAlessandro is now in Germany. The men are the sons of Mr. and Mrs. Gregory DeCaprio, 765 Lathrop street.

## NEWS AND VIEWS AT CAPITAL

HARRISBURG, July 27.—(INS)—The Pennsylvania aeronautics commission has prepared small booklets to guide municipalities in the establishment of airports under the commonwealth's ten-year \$34,512,700 post war aviation program. Entitled "state aid for your airport" the booklets outline the procedure local subdivisions must follow to obtain state aid for the projects. It is imperative to the welfare of every community in Pennsylvania that immediate steps be taken to participate in and receive the benefits of this new rapidly advancing branch of commerce, the pamphlet states. Plans and surveys must be approved by the commission to determine the amount of money communities will receive and later another set of plans for construction work must meet the agency's approval.

The governor's reception room, located on the second floor of the south wing of the main capitol building, contains some of the most interesting mural paintings in the state house. Violet Oakley,

world famous artist, painted the murals which depict events in the history of religious liberty in England and the rise of the Society of Friends. The paintings also show great moments in the life of William Penn founder of the commonwealth, including his arrival in America. The room is a favorite visiting spot of students and when Gov. Edward Martin is in the reception room he usually steps out from the executive chambers and addresses them briefly.

Each day on the average brought 28 felonious killings, 30 statutory offenses, 150 aggravated assaults, and left 120 persons robbed, 550 with their automobiles stolen, and the homes or business places of 749 others burglarized, the bulletin stated. In addition, 2176 larcenies occurred during the average day.

Crime shows a definite tendency to fluctuate with the seasons and the figures for 1944 followed generally the pattern of prior years, the bulletin stated. During the summer months when the days are longer and warmer, murders and other felonious assaults are most frequent, while the predatory crimes against property increase generally with the extended darkness of the winter months. Negligent man-

slaughters, composed almost entirely of traffic fatalities, follow generally the seasonal curve of traffic deaths, increasing noticeably with the darkness and unfavorable driving conditions of the winter months.

Among the 488,979 fingerprint arrest cards received at the FBI in 1944, age 17 stood out as the predominating single age group among arrested persons followed in this respect by ages 18, 19, 21 and 22 in the order indicated, the bulletin added.

PASSENGERS UNINJURED. PITTSBURGH, July 27.—(INS)—M. J. Reed, 52, the driver, and four passengers, were uninjured today after a bus of the Mon Valley Lines was destroyed by fire, apparently caused by a backfire.

HARRISBURG.—The Pennsylvania Motor Federation reports that the trucking industry will spend an estimated \$1,000,000,000 for new equipment in the immediate post-war era.

## Rumor Churchill Not To Take Over Opposition Lead

LONDON, July 27.—(INS)—The London Evening News said today that it was rumored that Winston Churchill will not take over leadership of the opposition in the new British parliament.

The rumor said that Churchill would hand over the task to Anthony Eden who returned to London last night to confer with the former prime minister.

MEDIA—Robert Davidson, 30, takes exception to the claim that a man's best friend is a dog. A deliverer for a dog food firm, he was attacked at one spot by a bulldog for whom the food was intended.

## Free Air Travel By Congressmen To Europe Halted

Congressmen Traveling Without  
Official Authorization Will  
Have To Pay Way

WASHINGTON, July 27.—(INS)—The United States and British governments were revealed today to have halted free air transportation to Europe for American congressmen traveling without official authorization.

The American ban, made public in a White House directive to House Speaker Rayburn, followed shortly after congressmen disclosed that free trips to Europe via British planes had been halted.

The speaker's office said President Truman's directive, which it termed a "memo," stated that congressmen would continue to be furnished transportation on army transport service planes, if seats were available, but the congressmen would henceforth have to pay their own ways.

An army spokesman said congressmen previously were flown abroad in army planes if the sanction of the White House and the War Department had been obtained. An 11-member group, headed by Rep. Wickham (D-Ore.), and composed of members of 12 house committees left a week ago in an army plane for Europe and the Far East, accompanied by War Department representatives.

Informed Capitol sources expressed the opinion the unofficial joint fact-finding committee would be returned at government expense but that future individuals or groups would not be taken abroad gratis in service planes.

## Architect's Dream Will Need Time To Be Made Practical

Penn. State Man Sees Dealers,  
Banks, Contractors Slow In  
Taking Up New Ideas

STATE COLLEGE, July 27.—There will be no housing miracles in the immediate postwar period, according to Royal M. Gerhardt, of the Pennsylvania State College, who believes changes in building styles will be evolutionary rather than revolutionary.

Gerhardt, who is professor of architectural engineering and assistant dean of the School of Engineering, is convinced, moreover, that there will be resistance to departures from conventional type houses.

"Architects," he argued, "will be slow to make radical changes in house designs and materials, and contractors will hesitate to bid on revolutionary designs until they know more about untried materials and the labor costs of installation." Dealers in building materials, he added, will be reluctant to stock new materials and budgets, and banks and loan associations will be conservative about lending money on untested novelties in residential properties.

"Home owners," he opines, "don't need to worry about their houses becoming outmoded—not for awhile, at least."

Bufo Marinus, a prehistoric looking frog brought to Hawaii by the sugar industry to help control insect pests, has a reputation for eating anything. He proved so voracious that it was necessary for beekeepers to place their hives on stilts so Bufo couldn't pick the bees off with his tongue as they entered their homes. He even likes cigarette butts.

## Sgt. Arlie Shifflet Home From India

New Castle Soldier Honorably Discharged After Two Years With  
Photo Reconnaissance Group

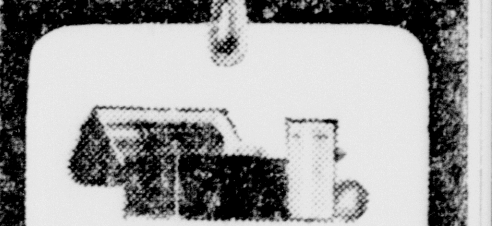

Sgt. Arlie O. Shifflet, New Castle soldier, has arrived home from India, where he served with the 9th Photo Reconnaissance Squadron, U. S. Army Air Corps, and has been honorably discharged.

Sgt. Shifflet entered the service on October 16, 1942, and had never been home on leave. He has been in India for two years and assisted in photographing Japanese positions in Burma and China. During his long tour of duty with the photographing unit, they only lost three ships. Sgt. Shifflet is happy to be back home again, New Castle looking mighty good after two years of heat in India.

## Pfc. C. Bordonaro Returns From Europe

Pfc. Cosmo Bordonaro, of 1010 Maryland avenue, has arrived home from Indiantown Gap, on leave of absence, prior to redeployment to the Pacific theater. His unit, the 124th Armored Engineer Bn., is the first ETO armored division ordered to the Pacific.

He served with the 13th Armored Division in the battle of the Ruhr

Pocket and in the drive through Bavaria into Austria. He has the Good Conduct Medal, ETO ribbon, meritorious wreath, and two battle stars.

The 13th, popularly called the Black Cat Division captured more than 20,000 prisoners in the Ruhr battle and 19,000 more in Bavaria. It captured Hitler's birthplace, Braunau, and also liberated 14,000 Allied Prisoners of War.

His wife, Mrs. Christine Bordonaro resides at 317 Neal street.

## Two Daily Boys Meet In Manila

James L. Daily and Jack T. Daily, both in military service in the Philippines, met for the first time in two years and five months on Friday, July 13, according to a letter received from James, by Mr. and Mrs. James L. Daily, East Moody avenue, parents of the boys.

James L. 26, and Jack T. were in Manila at the same time. However,

neither knew it. Sergeant James was waiting at a bus stop in Manila when military personnel got off the bus. He looked at a young man who drew his attention and then he discovered he was his brother Jack, who has taken on considerable weight since he has been in service.

It was one of the most joyous periods of their army life and very heartening to their parents.

Approximately 121 million pounds or 60,500 tons of vegetables were produced from the 226,000 wartime gardens of Canada in 1944.

**NO REPORTS RECEIVED**  
HARRISBURG, July 27.—(INS)—Communist C. M. Wilhelm said today the Pennsylvania state police had not received any complaints about illegal sales of firearms.

State Sen. Israel Stiefel (D-Philadelphia) had reported that illegal firearms sales were "creating a crime wave of serious proportions."

Wilhelm explained that chiefs of police in cities and boroughs handle the issuance of firearms permits while the work in other parts of the state was carried out by sheriffs.

# Japan Facing Nightmare Of Yank Bombing

Kenny Sees Striking Force Of 15,000 Planes As Re-deployment Is Completed

By JOSEPH A. BORS  
(U.S. Staff Correspondent)  
WASHINGTON, July 27.—Bomb-stricken and fire-charred Japan now faces the prospect of almost ceaseless attacks by more than 15,000 army, navy and marine corps fighters and bombers in the near future.  
Actually American and Allied air strength in the Pacific may be several times that figure—perhaps 50,000 planes—since it is known the ratio usually is two planes in reserve for every one in the air.  
The coming pattern of destruction for Japan was outlined by General George C. Kenney, tactical air commander in the Pacific, who said that 10,000 Allied combat planes would be available for all-out action when the re-deployment program was completed.

Also The Navy  
Kenney's figure did not include carrier-based aircraft, which should boost the available striking power to 15,000 or more. The additional figure is based on the fact that the navy now has more than 100 carriers of all types plus squadrons of search-bombers.

Thus Japan can look forward to increasing, round-the-clock blows by the greatest air force in history, and one that will dwarf the mightiest air armada ever sent against Germany.

Even the numerical plane total does not give a true picture of the destructive power of the Allied Air Forces in the Pacific, the bulk of which are American aircraft.

B-29 Equals Four B-17's  
For instance, one Superfortress bomber is said to have the destructive power of four or five Flying Fortress of the type used against the Nazis. Thus 1,000 B-29's would be equal to 5,000 B-17's. More than 600 Superfortresses already have been used against Japan.

The navy alone now has a total of nearly 40,000 planes of all types and 50,000 pilots. Not all the planes are combat types, but every one

plays an important part in the over-all picture.

During 1945, the navy intends to get from American factories more than 29,000 big planes of all types to increase its power in the Pacific and to replace combat and operational losses.

Prior to the defeat of Germany, the Army Air Forces had upwards of 75,000 planes of all types, and the bulk still fit for use will be available for the Pacific conflict. Meanwhile, thousands of new planes are leaving the factories.

## Report Prisoners Are Being Bombed

CHICAGO, July 27.—(INS)—The Bataan War Prisoners Relief Organization of Illinois today asked Secretary of War Stimson to issue orders to protect American prisoners in Japanese prison camps from bombing by American planes.

A telegram sent by Mrs. Lucy Palermo, president of the organization, said:

"Today's dispatches state that our bombers are killing our American boys imprisoned in Japan. Speaking for my son, a prisoner in a camp in Kawasaki reported bombed, as well as for all other prisoners, we demand that you issue orders to protect these long suffering prisoners."

# Juvenile Delinquency Discussed By Babson

By ROGER W. BABSON  
(Copyright, 1945, Publishers Financial Bureau, Inc.)

GLOUCESTER, Mass., July 27.—This city where I was brought up has its youth problem the same as every other city. It is probably

BABSON  
had existed 50 years ago the youth problem would then have been serious.

Reasons For Behavior  
There are four basic reasons for behavior, viz: heredity, environment, including home training, religion and food. When discussing the teen-agers or the bobby-sox girls of today, it is too late to consider heredity so far as they are concerned. Their die has been cast. Furthermore, as everyone recognizes the importance of home-training, I need not here discuss this, except to say that much of the trouble which parents are having is due to the poor example they set.

I will say something about the other two factors, namely, religion and food, to which we owe about 90 per cent of our troubles and disappointments as well as our successes and pleasures. Certainly the behavior of our children is greatly influenced by what they believe and by what they eat. Too many preachers seem to think that religion is something apart from food and drink. There is nothing in the Bible which substantiates this notion. In fact, the food which the Jews were allowed to eat, by their priests, was an important part of their religious ritual.

Watch For Allergies  
I am not a physician, psychologist nor dietitian, but I do know that food is a real factor in my feelings, behavior and mentality. For instance, I know that eating an excess of tomatoes will not only give me a physical pain but also interfere with my mental activity and make me ugly. This does not mean that tomatoes necessarily bother anyone else. Different people are allergic to different things,

including foods, climates and odors. Hay fever sufferers are an excellent example.

I will not further amplify the above thought so far as different foods affect us physically. The thought which I want readers to consider is that the mental and spiritual attitudes of both adults and children are largely caused by the foods eaten. When a boy is irresponsible, destructive or a thoroughly "bad boy," as the neighbors call him, he may be eating something to which he is mentally allergic. The action of the brain is determined by the quality and quantity of the blood flow through the brain. This blood flow is determined by what your boy eats, drinks, breathes and thinks.

Schools and Churches

Notwithstanding the above, school committees are giving almost no attention to this important subject. It is true that some of the schools are now providing lunches, but there is no attention given to selecting different lunches for different students. Yet, foods which are nourishing to the brains of some students are poison to the brains of other students. Moreover, this applies likewise to parents although we get older we tend to get immune to some of these poisons.

The future of the church depends on getting back to the old Bible teachings that there is no line of division between our religion and our habits. In Bible days good health was a sign of righteousness, while poor health was an evidence of sin. In order to survive in this

present scientific and rapidly-moving world, the church must be open to new ideas and must also be open at all times to give advice and counsel along these fundamental lines of food, habits and faith.

Soils Are Important

History clearly teaches how our ancestors of the 17th century became discouraged and unruly as they existed on the run-down soils of England; but that they developed initiative and vitality when living off the virgin soils of New England and Virginia after emigrating. In the final analysis, a family or community depends not only upon what it eats but also upon the soil upon which these foods are raised. Perhaps the Prussians owe their fighting qualities to their soils!

## Special Service At Portersville

Gospel Workers Will Present Musical Service Sunday Evening At U. P. Church

Young people of Portersville U. P. church will present a special musical service on Sunday evening, July 29, at 8 o'clock.

Mr. and Mrs. Lester C. Place of Spring City will render sacred music upon their marimba, bells, saxophone and triple octave chimes, followed by a brief message by Mr. Place. The set of triple octave chimes is an antique and one of the few still in existence today.

This young couple has presented the gospel in song in 29 states in various churches, schools, colleges and Bible conferences. They will come to this vicinity from the Oak Hills Fellowship in Bemidji, Minn.

## New Auto Demand Will Take Three Years To Satisfy

PHILADELPHIA, July 27.—(INS)—The demand for new automobiles will not be satisfied for at least three years, William Berry, secretary of the Keystone Automobile Company, predicted in cautioning motorists to keep tires in good condition.

"The new tire quota for the year ahead is only a drop in the bucket compared with the pent-up needs of a nation which has been losing cars to the scrap heap at the rate of 4,000 a day since Pearl Harbor," Berry said.

"All this means that more cars than ever is needed to check the deterioration of America's fast aging cars," he added.

Berry explained that machinery to harvest the rubber resources of the Netherlands Indies will be put into operation as soon as the rubber-producing areas are liberated. Rubber chemists and engineers

predict that in the post war period motorists will drive on tires that won't puncture, blowout or skid, and will actually outlast the car, he said.

## Community Kitchen To Aid Canning In Pittsburgh Area

PITTSBURGH, July 27.—(INS)—The victory garden committee of the Pittsburgh Office of Civilian Defense will sponsor a community kitchen, the outstanding feature of which will be canning with a minimum amount of sugar.

The kitchen, set up in the yard of a church, will be open to the public four days each week.

Each woman using the kitchen facilities must furnish her own produce and jars and must prepare her own foods. Large pressure canners are being installed.

Volunteers will do special canning for hospitals.

NO EXCITEMENT

These are days of no excitement in the court house. Many of the court house attaches are on vacation, many lawyers on vacation and hence are not transacting business in the court house, and the result is

an air of lethargy around the building.

Marriage licenses are off, the recording of deeds and other instruments is off and the jail is nearly empty. About the only office where there is a rush of business is the county treasurer's office and this force is busy taking in taxes. An average of about \$12,000 per day is being paid in.

THREE DAYS SHORT

FORT LEONARD WOOD, Mo.—(INS)—Pvt. Arthur Jones of Gadsden, Ala., missed being discharged under the army point system by a mere three days. Jones has been in the army four years, served 31 months overseas and has one battle star. Just three more days overseas service would have given him credit for another full month—and that vital 31st day.

RETURN LAST DROME

BELFAST.—(INS)—The last of five giant airplanes occupied by the United States army air force in northern Ireland has just been handed back to the Royal Air Force. The final ceremony took place at Greencastle, County Down.

## Missing Gunner Listed As Dead

No Trace Of T-Sgt. Jack Williamson Or Crew In Pacific Since July 19, 1944

T-Sgt. Jack Williamson, previously reported missing in action, has been officially listed as dead, according to a war department message received by his wife, Mrs. Jack Williamson, 212 Crescent avenue.

Radioman-gunner on a B-24 Liberator operating in the Southwest Pacific, T-Sgt. Williamson and his whole crew have been missing since July 19, 1944. He had been overseas since October, 1943, and in the air force since August 1, 1942. He attended radio school in Chicago and aerial gunnery school at Wendover field, Utah.

Besides his wife, T-Sgt. Williamson is survived by his mother, Mrs. George Clarke of Liberty, Mo.; two sisters at home and a brother, William, of McKeesport.

**More Damage On  
Japanese Cities  
Is Now Revealed**

GUAM, July 27.—(INS)—Additional damage inflicted in the past two weeks upon additional Japanese cities was disclosed today by headquarters of the 20th air force.

Officials said that the cities of Hiroachi, also pounded by third tier surface units, Hirotsuka, Shimoniya and Okazaki, showed heavier damage than at first reported. In addition, reconnaissance pictures revealed that the Kawasaki petroleum center near Tokyo, and the Osaka army arsenal also sustained further destruction.

Headquarters spokesmen declared that Usonomiya, near Kawasaki, bombed July 13, is now 32 per cent destroyed, and Hirotsuka, hit July 17, 149 destroyed.

Hirotsuka, hit simultaneously with Okazaki, is the most heavily hit with 78.2 per cent destroyed. All attacks on the cities listed at headquarters were carried out by relatively small forces of Superforts of from 50 to 100 planes.

At the same time, officials raised earlier estimates of damage to the town of Choshi, 55 miles northwest of Tokyo, to 43.1 per cent in the town's rebuilt area instead of the 36 per cent previously reported.

**Monthly Smoker Held  
At Sylvan Heights**

Shenango Pottery Sponsors Stag Party For Deshon Annex Veterans

July's stag smoker for the men of the Deshon Annex was held Thursday night in the Sylvan Heights golf club with a good attendance of vets present. The sponsor for this month's party was the Shenango Pottery and the program was one that had something of interest from 7:30 to 11:30 p. m.

An hour's vaudeville show of Pittsburgh entertainers drew a real hand from the men, and during the informal period of the evening Pfc. Albertson entertained the gang with melodies old and new. A typical Sylvan Heights cold plate lunch was spread by Mr. and Mrs. Samuel Haycock, managers of the club.

Special guests were Captain Oren D. McFarland, recently returned from the European Theatre of Operations and Sergeant William Johns, an aerial gunner who was a prisoner of war for 18 months.

**LITTLE BEAVER**

Members of the Gordon family, numbering 40, assembled July 22, at the home of Mr. and Mrs. William Gordon for their annual reunion. The event was also in honor of the birthday anniversary of William Gordon.

Mrs. John Spearhas and daughters, Ruth and Mrs. Lewis Straley, and Mrs. George Von Berg were Saturday visitors in Youngstown, O. C. S. Young and daughters, Phyllis and Helen, of Homewood, were callers here recently at the home of relatives.

**Forest Fire In  
Oregon Spreading**Firefighters Ready For Anything  
As Flames Leap Over  
Firelines

PORTLAND, Ore., July 27.—(INS)—Firefighters were ready for anything in the 90,000 acre Wilson river forest fire area today after the flames leaped over firelines in three sectors.

Woodsmen had to flee for their lives and lost a pump when the flames roared toward them on the edge of Roundtop mountain, near Glenwood. The flames also broke through firelines southwest of Glenwood and near Jordan creek in the southwestern edge of the fire area.

Fires started by flying embers were burning briskly on the northwestern edge of the burn, near the junction of the Salmonberry and Nehalem rivers. The scene is in some of the roughest country in

Oregon, and firefighting was deemed well-nigh impossible.

Faced by a forecast for a northeast wind, forestry officials warned that "the situation is still full of dynamite, and we don't know what might happen any time."

**Grill Suspects  
In Murder Case**

PITTSBURGH, July 27.—(INS)—Police today grilled two suspects in the two-day old robbery-murder of George A. Schnelbach, 70, president of the Orpheus Singing Society.

Police said the two were arrested while sleeping in a stolen automobile. The pair resisted arrest, police added, and one had a .32 calibre revolver.

Another suspect was questioned yesterday and then released.

Schnelbach was beaten to death Wednesday night as he was walking home from the society clubrooms.

### Heroic Catholic Chaplain Lost As Jap Ship Sinks

Rev. William T. Cummings, Being  
Transferred By Japs When  
Ship Is Sunk

OSSINING, N. Y., July 27.—(INS)—The Maryknoll fathers were advised officially today of the death of Rev. William T. Cummings, heroic Catholic chaplain who originated the now famous expression "There are no atheists in foxholes."

Father Cummings, according to a telegram from the War Department, died in December, 1944, while being transferred to Japan from Billabid prison in the Philippines. His boat was believed to have been sunk by an Allied submarine unaware that the ship carried American prisoners of war, the telegram stated.

The heroic priest, whose home was in San Francisco, was 42. He is survived by his father, William Cummings, and a sister, Edith, both of 34 Atalaya Terrace, San Francisco, and a brother, Maj. Francis Cummings, of the U. S. army.

According to Brig. Gen. Carlos Romulo, resident commissioner of the Philippines, and other witnesses, Father Cummings uttered his now famous expression about atheists during one of his field sermons on Easter Sunday at the Bataan front.

### Military Police Remove Meat In Strikebound Plants

PITTSBURGH, July 27.—(INS)—Six truckloads of military police arrived today to remove approximately 700,000 pounds of meat remaining in the two strikebound plants of the Fried & Reinman Packing company.

The 26 soldiers met no resistance from the 350 striking employees, members of local 424-AFL-Amalgamated Meat Cutters and Butchers union. The strikers refused to help transfer any meat other than that earmarked for army use. Sixteen workers yesterday added in the removal of 50,000 pounds of meat designated for the army.

Maj. L. F. O'Brien, labor relations officer of the third service command, said it would take two days to remove the meat. A second shift of soldiers will take over this evening, he said.

The walkout, now in its 12th day, began when workers protested the company failed to abide by existing agreements on "fringe benefits".

Moses has been called the first sanitarian because he promulgated a cleanliness code for his people which is still observed today.

Sixteen American air lines completed 1944 schedules without a single fatality, according to the National Safety Council.

### NURSES ARRIVING FROM EUROPE

ABOARD THE HOSPITAL SHIP *Stanger* as it docked in New York from Europe were a good number of army nurses, six of whom are pictured here. The vessel was one of seven ships to arrive, carrying the greatest number—31,455—of troops to reach the U. S. in one day. Left to right (front row) are: Lt. A. Mary, Dexter, Me; Capt. F. Hall, San Francisco; Lt. Nell Jones, Penna. Back row (l. to r.): Lt. Elizabeth Parkie, Franklin, Penna.; Lt. Alicia Lebert, North Adams, Mass.; and Lt. Florence Heyburn of St. Albans, Vermont. ### R. R. Brotherhoods Reveal Demands For Wage Increase

WASHINGTON, July 27.—(INS)—Five operating Railroad Brotherhoods representing 400,000 employees today revealed demands for a 25 percent wage increase and for rules changes to improve working conditions.

System divisions of the brotherhoods have started serving formal notices containing the demands on individual railroads in line with procedure established by the Railway Labor Act.

Labor weekly publications of the rail unions, said leaders of the brotherhoods are seeking a raise of at least \$2.50 a day to maintain the living standards of the operating workers and "to give them at least some share of their vastly increased productivity."

A spokesman for the brotherhoods cited the recent statement of former War Mobilizer Fred M. Vinson that "wages must be increased to offset loss of overtime and maintain purchasing power to prevent a postwar economic collapse."

"We are taking the government officials at their word," he said.

In addition, the brotherhoods are proposing several rules revisions including a nationwide rule limiting the length of freight trains to 70 cars and passenger trains to 14 "as a safety measure for both passengers and employees."

### Former President Of Finland May Be Called To Trial

LONDON, July 27.—(INS)—The Helsinki radio reported today that a demand was made at a mass meeting in Helsinki that Risto Rytty, former prime minister and president of Finland, be tried by the high court.

Rytty, decorated by both Hitler and Hirohito, gave a pledge to Germany not to conclude a separate peace with Russia in June, 1944. He resigned in August 1944.

Recent reports alleged he was among ministers likely to be impeached for violation of the Finnish constitution.

The meeting demanding the trial was organized by the Finnish communist and democratic parties and the Finnish-Soviet union society.

STEALS COP'S TROUSERS  
PORTLAND, Ore.—(INS)—A miscreant with a disdain for the law stole a uniform shirt and trousers from his police car in front of headquarters while he was eating next door. Patrolman Jacob Winters reported.

MILTON, N. H.—(INS)—A pair of ladies' corsets made in 1770 is in the possession of Guy L. Hayes. He has been trying to duplicate them or discover an older pair.

### Traffic Regulations Are Being Violated

Playing "canary bird" to pedestrians in an effort to have them obey traffic regulations would not be so effective if police were to present cards bearing a courteous warning that the pedestrians had broken traffic regulations and invited accident according to an officer who is interested in the traffic movement. He also stated that in some cities ordinances are in effect that result in a fine being levied on jay-walkers.

During the past week or more pedestrians have not only crossed thoroughfares between intersections but have disregarded traffic signals, and continue walking across intersections, regardless of automobiles. Boys on bicycles have been paying little attention to traffic rules and women with children have been seen leading children across streets in which there is heavy travel.

NEED BOTH SHOES  
NEW ORLEANS, La.—(INS)—Officials of the United Nations Clothing Drive announce that "it is definitely customary for human beings to have two feet." The somewhat unprecedented statement was caused by the donation of over 2,000 unmatched shoes to the clothing collection which the organization is conducting.

### Taji And Other Bow Wows Had Best Stay In Coop

Taji, Queenie, Cookie, Towser, Rover, Spot, in fact, dogs with or without names, had best watch out, if possible stay in or close to their coop because the city's dog-catching brigade is out in force daily. The force consists of the veteran Jack Young, his assistant, "Red" Mitchell and their motorized truck which is in good mechanical condition. The truck operates to all sections of the city daily and may also operate at night, now and then, because it is alleged that is when some dogs are loosened to run helter skelter.

The truck is so arranged that a vicious canine can be incarcerated without fear of it nabbing the truck driver on the nape of its neck. All they need to do is to toss a noose around the dog's neck, toss him into the truck and his trip lands him in the dog jail in West Falls street where he may be reclaimed. If the dog is not reclaimed the dog catcher may dispose of him.

It is the first time the city has had a force of two and a motorized truck to carry on their work.

The United States Coast Guard has participated in every major invasion of World War II.

## Marlene Dietrich Back In Hollywood From Overseas Trip

Glamorous Movie Star Has Been  
Entertaining Soldiers, Will Go  
To Pacific Next

HOLLYWOOD, July 27.—(INS)—Marlene Dietrich, home from 12 months of entertaining the troops overseas, began a long rest today, "like all the service boys."

After she has recuperated she hopes to go to the Pacific.

The blonde star returned yesterday, feeling, she said, like a "displaced person," the term applies to the millions made homeless by the war.

"I got used to it all over there—I wonder if I'll get used to it over here," she said.

The blonde of her smart, officer-type uniform was decorated with the Cross of Lorraine, American and European theaters of operations medals, the ribbon of the 71st regiment, 44th division, and three overseas service stripes.

Her camp tours, which set a record for a Hollywood star in point of time spent overseas, took her to Africa, Italy, Sicily, Corsica, Sardinia, Labradors, Greenland, Iceland, England, France, Germany, Belgium, Holland, Czechoslovakia and Austria.

The actress said she still would be entertaining the troops but for a jaw infection which failed to respond to treatment in Europe.

While at Reimsberg, Germany, the star received word from the Russians that her elderly mother, who lived in Berlin, was alive and well although her home had been bombed out twice.

Boy Scout Staff

Prepares Camp For

Feminine Occupants

Boy Scouts will move out on Sunday as the fifth and final week of camping is concluded, but the camping season is not over as far as Lawrence county is concerned.

Staff members and junior staff members will stay over until Tuesday, according to Scout Executive Thomas Allen, in order to prepare the camp for its new occupants, the Lawrence county Girl Scouts.

The Girl Scout staff will move in Wednesday for a pre-camp training period, and the scouts themselves will arrive Sunday, August 5.

Most of the Boy Scout equipment, including the waterfront equipment, will be left for their use.

Eighty girls will be at the camp for the two weeks. During their weeks of camp, the Boy Scouts piled up a total of 400 camper-weeks, representing about 350 boys who spent at least a week at camp.

Two new signal towers which the Boy Scouts started to build on the grounds several weeks ago will be finished before they move out, Mr. Allen said. The towers are built of larch trees planted on the camp site about 20 years ago as a scout project. Each of the towers, which are placed on hills about 500 yards apart, are 25 or 30 feet high and are sunk into concrete five feet into the ground.

On Thursday, members of the Eight O'clock club journeyed to Cascade park and partook of a brunch in the grove. Mrs. M. B. Jones was the hostess.

Following the repast there were two tables of 500 in play with top winners Mrs. Helen McKinley and Mrs. William Lewis; Mrs. Maud Keeler won the goor prize.

There were two special guests, Mrs. Keeler and Mrs. Phoebe Earl. Group pictures were taken.

Next meeting of the club will be on Thursday, August 9, with Mrs. R. L. Drumheller of Sixth street as hostess.

**Wounded Soldier**

Visiting Parents

Pfc. Lewis Perrotta attached to the infantry corps, is on thirty days convalescent leave visiting with his parents, Mr. and Mrs. Tony Perrotta of 203 South First street.

Pfc. Perrotta was wounded in the battle of the Ruhr, Germany on February 25, and has been hospitalized in the U. S. since April 29. He sustained shrapnel wounds in both legs, but is making good progress. He was a former Penna. Railroad employee.

At the close of his leave he will go to the hospital in Asheville, N. C.

**ATTEND FUNERAL**

Mr. and Mrs. Angelo Canale of East Wabash avenue, attended the funeral this morning of their cousin, Rosario Gattamelata of Campbell, Ohio, who was killed Tuesday morning in a P. and L. E. railroad accident. Mr. Gattamelata had returned to work a week ago, after having laid up with two fractured legs sustained in an auto accident in April. He was well known in the ward having visited here often with friends and relatives.

**POP CORN COMING FINE**

**SEVENTH WARD PERSONALS**

Mr. and Mrs. William R. Bollinger were visitors in Youngstown on Thursday.

Miss Helen Drumheller of 407 Sixth street, has returned, after spending a week's vacation with her aunt, Mrs. Arthur Peer of Youngstown.

Mrs. Alice Taylor of 816 North Cedar street has left for Detroit, Mich., where she will visit with her daughter, Mrs. George DeWitt and family.

Mr. and Mrs. William Conti and daughter Clara of West Wabash avenue, and Mr. and Mrs. Quirino Simbaldi of North Wayne street, have returned from Campbell, Ohio, because of the death of Rosario Gattamelata, killed in a railroad accident.

Pvt. Charles J. Susi has left for Fort Meade, Md., after spending 12 days furlough visiting his wife Mrs. Mary Susi, the son Leon, and his parents at 211 South Cedar street, also his grandmother of Pittsburgh.

Pvt. Susi was formerly stationed at Camp Blanding, Fla., and attached to the infantry corps.

Pfc. Tony Warren of the combat engineers is on 30 days furlough visiting with his family, Mrs. Caroline Warren and family of 216 Montgomery avenue. He recently returned from overseas where he served for two years, and has been for 20 months in the armed forces. He was last stationed at Halle, Germany. Pfc. Warren goes to Indian-town Gap for reassignment after the conclusion of his furlough.

**Nearly 52 Tons Of  
Paper Collected  
Last Saturday**

Nearly 52 tons of waste paper were collected in New Castle and the adjoining townships on Saturday, July 21, Numa Vidal, co-chairman of the paper collection said today. The total was not as heavy as had been anticipated but will add to the paper needed for war work.

Arldith Cochran, 14, of Shenango township won the American flag

offered by Principal Glenn W. Johnston of the Shenango township schools for the heaviest individual collection in that township with Joann Neyman, 11, winning the pen offered for second place. Arldith had 1360 pounds of paper and Joann 485.

**ORDERS AUTOPSY HELD**

HARRISBURG, July 27.—(INS)—Dauphin County Coroner Earl H. Grim planned to conduct an autopsy today to determine the cause of the death of Michael A. Kenny, 47, of Harrisburg.

The coroner said he ordered the post mortem examination after learning Kenny had suffered bruises of the head which could have resulted from foul play.

Between 25 and 30 Lawrence county men have secured applications for the examination to be given later for rural carrier to fill a vacancy at the New Castle post office. Miss Gertrude Rhodes, secretary of the Civil Service Commission here, stated today.

## Nearly 52 Tons Of Paper Collected Last Saturday

Nearly 52 tons of waste paper were collected in New Castle and the adjoining townships on Saturday, July 21, Numa Vidal, co-chairman of the paper collection said today. The total was not as heavy as had been anticipated but will add to the paper needed for war work.

Arldith Cochran, 14, of Shenango township won the American flag offered by Principal Glenn W. Johnston of the Shenango township schools for the heaviest individual collection in that township with Joann Neyman, 11, winning the pen offered for second place. Arldith had 1360 pounds of paper and Joann 485.

**ORDERS AUTOPSY HELD**  
HARRISBURG, July 27.—(INS)—Dauphin County Coroner Earl H. Grim planned to conduct an autopsy today to determine the cause of the death of Michael A. Kenny, 47, of Harrisburg.

The coroner said he ordered the post mortem examination after learning Kenny had suffered bruises of the head which could have resulted from foul play.

Between 25 and 30 Lawrence county men have secured applications for the examination to be given later for rural carrier to fill a vacancy at the New Castle post office. Miss Gertrude Rhodes, secretary of the Civil Service Commission here, stated today.

These had to be in the hands of

### PROVE DAIRY SIRE

Dairy farmers are urged to keep good sires alive until proved. Since the wide development of artificial breeding programs there is an increase demand for superior-proved sires.

Only a few of the sires proved in 1944 are reported as living. Many of the good proved sires had been sold to the butcher before their proof came through.

Cooperative breeding projects that will foster the exchange of well-bred bulls so they can be kept in service until proved are still needed.

Most of the good proved bulls now being used in the artificial breeding cooperatives in Pennsylvania were used and proved in bull associations. Dairymen should keep in mind that any bull worth using is worth proving.

### SALTING EASY WAY TO SAVE SNAP BEANS

Preserving snap beans with salt requires no special equipment, and is an easy way to take care of surplus beans in the home garden.

Snap beans, preserved with salt and a little vinegar, have a salty, mildly acid flavor and hold much of their natural food value if not freshened before cooking and serving.

Select extra-tender, young, perfect beans, fresh from the garden.

Wash well and scald 5 minutes in boiling water. Cool promptly, then remove ends of beans and cut in small pieces. Mix each 10 pounds of beans with a half pound of bay salt and one cup of vinegar. Do not use iodized or ordinary table salt but use granulated, flake, or medium salt. In smaller amounts, mix 1 1/2 pounds of beans—enough for one quart jar, with two tablespoons of granulated salt or three tablespoons of medium or flake salt and two tablespoons of vinegar.

Pack mixture in jars, put a small piece of clean cheesecloth over each

jar, and insert a crosspiece of wood to hold beans under the brine. Place filled jars in a shallow pan to catch the brine that runs over during the fermentation process. Adjust rubber ring and cap or jar tops so it is on loosely. Keep jars at 70 degrees F. If the brine in the jars drops below the beans, pour on brine made by dissolving two tablespoons of salt in a quart of water.

When bubbling stops, fill jars to top with brine but do not remove cheese cloth or crosspiece. Put on jar tops and seal tight. In a cool place salted beans will keep as long as a year. If a cool storage place is not available, process beans 30 minutes in boiling water bath. For processing, remove cheesecloth and crosspiece, press down beans to remove air bubbles, adjust jar tops, and process. When ready to use salted beans, drain brine from them, rinse in fresh water, and cook like fresh beans in a small amount of water.

### HEART WOOD BEST FOR POSTS

Because fence making has been deferred for the duration on many farms, a large volume of this type of construction has been accumulating and farmers will do well to make a careful study of the types of material to be used, especially that needed for posts.

If wood is to be used farmers should keep in mind the fact that only heart wood of various trees is durable and that the white, or sap wood of any kind of tree readily decays.

## German Prisoners To Work In France

Americans Grant France 320,000  
Germans To Help With Reconstruction

PARIS, July 27.—(INS)—American authorities announced today that 320,000 German prisoners have been turned over to the French to help in the reconstruction of France.

Negotiations were reported under way for the release of still more prisoners to the French.

About 273,000 Germans were turned over to the British when the American army evacuated part of the British occupation zone.

More than 50 per cent of 836,500 German prisoners in the hands of communication zone base sections are playing a vital part in speeding the departure of American troops to the United States and the Pacific.

They work at everything from crating ammunition to baking bread and are on the job 12 hours a day, six days a week.

Most of the guards are displaced Poles and Russians.

### Rubber Strike Ends At Detroit

DETROIT, July 27.—(INS)—The two-week-old strike at the U. S. Rubber Co. ended today after army officials warned that "drastic action" would be taken if the work stoppage were not terminated.

The back-to-work vote was returned at a meeting of approximately 2,000 members of Local 101, United Rubber Workers, CIO.

Major Gael Sullivan, chief of the Labor Relations Division of the Army's Sixth Service Command, warned that the army would terminate its contract or take over the plant.

The strike, which started after 12 CIO workers were discharged, seriously affected production of vital needed tires. Company officials stated that the workers were dismissed at the request of the United Rubber Workers Union.

## Judge Rosenman Going To Potsdam

WASHINGTON, July 27.—(INS)—The White House announced today that Judge Samuel Rosenman is enroute to Potsdam to join President Truman at the Big Three conference.

Rosenman, a special counsel to the president, The White House did not disclose the reason for Rosenman's sudden trip to Germany.

The judge served for several years as counsel to Franklin D. Roosevelt and was one of the late president's closest advisers. He was continued in his counsel post by Mr. Truman.

Benjamin Franklin was the first American to bring the game of chess into prominence, both as player and writer.

## Arrest Trio For Theft Of Cigarettes

Three juveniles living in different sections of the city were arrested last night by Lieutenant of Police Syling, Detective Moore, Policemen Welsh and Alleier on a charge of having burglarized the Creasey Tobacco company, Grove street, of 35

cartons of cigarettes, Wednesday night.

They reportedly entered the building through a window and later disposed of the allegedly stolen cigarettes in various ways.

Chief of Police Robert D. Hanna reported today he would charge the trio with breaking and entering, burglary, larceny and receiving stolen goods.

## MORE THAN 1,250 SERVICE MEN ARE DISCHARGED

Employment Office Relates Problems That Are Developing As Result

With one war just over and another only part-way finished, New Castle and every other community throughout the land finds itself with a post-war problem of the first order—its veterans.

Approximately 1,250 men had been discharged in Lawrence county prior to July 1 of this year, and the number has been rapidly growing in the three and one-half weeks since then, according to George R. Gettings, manager of the local office of the U. S. E. S.

The men being discharged now are returning at a time when the demand for labor is falling off—a discouraging fact when you consider that some of the men discharged a year or two ago haven't been able to hold steady jobs or find suitable work. Some New Castle men, in fact, have held as many as 25 or more jobs since their discharge.

Some Exaggerated Cases.

Exaggerated cases such as these are usually men who would not have been holding steady work whether there had been a war or not, but other ex-soldiers are drifting around simply because they cannot yet grasp this civilian world which they have been away from for so long, says veterans advisor Ralph T. Jordan, also at the U. S. E. S.

Accustomed to being considered cogs in the army machine, these men are not used to planning their own futures, getting their own gasoline, finding a job to buy their own food. Some have returned to face upstart families, troubles of families who try too hard to sympathize and help. Others miss their best chances for a while and live on their allowances.

At least 25 per cent of the men, however, have come back to their old jobs, and others are advised by Mr. Jordan to seek work in fields

with steady futures, and in plants which have had an assured place in the community over a period of years. Many of the men were just out of school when they were enlisted or drafted, and have no old jobs to return to. Including the ones who have gone back to former jobs, probably from 50 to 75 per cent of the discharged men from this area have settled down at some jobs in the county.

## FEWER PUPILS IN ROCKVIEW PRISON SCHOOL THIS YEAR

HARRISBURG, July 27.—The department of Welfare announced today that the fourth year at Rockview Penitentiary found a reduced enrollment in the institution's school program because of a reduced inmate population and fewer men of school age.

Out of an average population of 660 at Rockview, 308 men took part in the educational program. In the grade school 61 were enrolled. Thirty-two passed out of the fourth grade bracket; twenty showed improvement in the illiterate group; 3 reached their educational limit. The other six were released during the year. Ten pupils in the fifth to eighth grade group showed marked progress.

Twenty pupils were enrolled in the pre-professional high school classes. Two diplomas were granted during the year. Ninety-two additional credits were earned. Sixteen took the state examinations in May and this should produce four more graduates.

## Gustav's Bakery Opening Saturday

Public May Inspect New Business Quarters This Evening From 4 To 8 O'Clock

Gustav's Bakery will have its grand opening on Saturday, July 28, at its new and spacious place of business, 302 East Washington street. It was formerly located at 306 East Washington street.

Gustav's clientele will find modern and up to date improvements, at the store when it opens. During the past several weeks, the shop has been closed for remodeling, and Mr. Gustav endeavored to improve the shop, so that the new equipment will facilitate the baking. Thus the customers will be able to purchase pastry baked to perfection, and also will receive better service in every way.

The shop itself is much larger, and the kitchen is light and airy, with fluorescent installed. New baking tables are placed in the kitchen, and throughout the entire shop, kitchen and storeroom, sanitary and spotless conditions exist, assuring the Gustav's customers, excellent pastry goods. A high-powered refrigerator is installed to keep foods and dough well preserved.

Two large ovens of the finest baking purposes are in the kitchen, each oven having four chambers, automatically controlled. This enables four different types of baked goods to be baked at the same time, with different temperatures.

The sales room is of a new light shade of pink, trimmed in fresh green, and having fluorescent lighting. A new asphalt floor has been laid. Four or five courteous sales girls will be present to offer their best service to the Gustav's customers, in these hectic war-time days.

The public is invited to inspect Gustav's Pure Food bakery, this evening from the hours of 4 to 8 p. m. No baked goods will be sold tonight, however.

All in all Gustav's customers can expect the best, and will receive the best. The shop will close at 7 p. m., Saturday. Week day summer hours for the shop will be from 9 a. m. to 7 p. m.

## Another Damage Suit Filed By OPA

PITTSBURGH, July 27.—(INS)—The OPA today had on file in federal district court a \$300,000 damage suit against the Greensburg-Conneville Coal & Coke Company—the government agency's fourth action against major coal producing corporations.

The Baton Coal Company was named a co-defendant. The OPA charged the companies with failure to post proper prices and with sales over ceiling prices.

The petition said the two companies maintain a common office and interchange each other's names and facilities. The OPA petitioned for an injunction against further violations. The agency also asked three times the alleged overcharge to business consumers and \$50 for each alleged violation involving private users during the past year.

Previously suits have been filed against the Consolidated Coal Company, \$375,000; McCrady-Rodgers Company, \$90,000, and the Pittsburgh and Champion Coal companies, \$1,050,000.

## CONTRACT REFUND

DETROIT — (INS) — Increases in production efficiency and high volume of output during the past three years have made it possible for Bendix Aviation Corporation to refund to the government \$644,021.572 in the form of voluntary price reductions and funds provided for renegotiation on the company's war production contracts, it was disclosed by Ernest R. Breech, president.

## DENIES REPORT

HARRISBURG, July 27.—(INS)—Reports of a blanket pay increase for state employees were denied today by Gov. Edward Martin.

"I haven't heard anything about it," he said. "A good many merit increases have been granted but there won't be any blanket increases."

## SPOTLIGHT Of Today

(International News Service)

### MAIL CLEMENT ATTLEE

Britain's new prime minister, Maj. Clement Attlee, will continue the major principles of Winston Churchill's foreign policy, but for England the overwhelming victory of Attlee's Labor party spells a domestic "new deal."

Clement Richard Attlee, born of middle-class family in 1883, first became interested in the welfare of the underprivileged as a barrister involved in the welfare work in

London's East End shortly after the turn of century.

He joined the Labor party at a limehouse rally in 1907.

Although a conscientious objector at first, soon after the First World War broke out he joined the South Lancashire regiment and subsequently served in Gallipoli and Mesopotamia, where he was wounded, and later in France.

After the war he served as mayor of Stepney, parliamentary private secretary to M. P. Ramsay MacDonald—whose policies later as prime minister he bitterly opposed—and became undersecretary of state for war in the 1923 Labor government. During the second Labor government elected in 1929, Attlee served as postmaster general.

After that government fell in 1932, Attlee was elected Labor party leader, a post he still holds. In the Churchill coalition govern-

ment, he served in several important cabinet posts and as delegate to the United Nations conference in San Francisco.

### PLEADS GUILTY

PITTSBURGH, July 27.—(INS)—Judge Alexander Cooper today reserved decision on the "guilty" plea of Arthur Tucker, 38, former local union treasurer, to embezzlement of \$18,000 in union funds.

Tucker, former official in the AFL-International Alliance of Theatrical Stage Employees, Local 3, told the court he used the money for hospital and doctor bills and gambling.

Dr. D. H. Krochmal told Judge Cooper that ulcers forced removal of four-fifths of Tucker's stomach and that imprisonment would be fatal. The court ordered a physical examination and withheld its decision.

## Orphan Group Reunion August

Announcement was made for the 57th annual reunion of the Sixteeners Association of Mercer Soldiers Orphan School, will be held in Mercer, August 7, 8 and 9, at the Hotel Humes.

There are quite a few of the boys and girls in this district, who went to the Mercer Soldiers Orphan school, and who have not sent in their reservation. The reunions were held since the old school days in 1889.

Mrs. Nellie Sankey, secretary, 112 Spring street, Alliquippa, and Ben Shelar, Ellwood City, president, are in charge.
